JTL Youth Services

Summer Reading at JTL: A Universe of Stories summer reading program registration begins Monday, June 17 and the program runs through August 17. When you register for summer reading, you'll receive a paper rocket to decorate and have your picture taken to place in the rocket to help decorate the library. In addition, you will receive one brag tag and one necklace or keychain. You can earn beads and more tags by reading books throughout the summer!

Read & Bead is our version of a "prize-less" summer reading program for age 3 to grade 8. Kids read and record the books they have read (or have a grown-up help them track time) then they turn those books into beads of varying colors, shapes, and designs to decorate and personalize their very own necklace or keychain.

The slogan "A Universe of Stories" was chosen by library professionals to help inspire children of all ages to dream big, believe in themselves and create their own story. Many new space-related materials will be available to enjoy together. Titles from your school reading lists will be available for all grades. A variety of programs and special events will be available for you to enjoy throughout the summer.

We will not offer a separate electronic program to track the books you read this summer. You can, however, still keep a list of everything you've borrowed from JTL by following these steps prior to borrowing your summer books : 1. Log in to your account 2. Account Preferences 3. Click "Keep history of checked items" 4. SAVE. After saving, the books you have read will be saved in a list that you can print at the end of the summer. The instructions are also on the JTL website.
