The High Mountains of Portugal
 By Yann Martel (led by Lydia Myers)
 In Lisbon in 1904, a young man named Tomás discovers an old journal. It hints at the existence of an extraordinary artifact that—if he can find it—would redefine history. Traveling in one of Europe's earliest automobiles, he sets out in search of this strange treasure. The High Mountains of Portugal—part quest, part ghost story, part contemporary fable—offers a haunting exploration of great love and great loss. Filled with tenderness, humor, and endless surprise, it takes the reader on a road trip through Portugal in the last century—and through the human soul
Multiple copies available. All readers welcome. Light refreshments served.
