Online Dungeons and Dragons

Dear Patrons,

As the seasons change, and kids go back to school, the library changes too. Everyone is still wearing masks and we don't have any programs inside. But we have ebooks and audiobooks through the Libby and Hoopla apps and e-magazines with RB digital. Consumer Reports is available via the website, along with the CT State Library databases such as Ancestry, Heritagequest, and the Oxford English Dictionary. We have museum passes that you can reserve and use directly from your phone.

Something amazing happens when you bring your kids to the library every week. At first, they are bored, then they get curious, and then they become readers. Come to the library every week.

We are planning a scarecrow contest in October... start brainstorming now!
