Dear Reader,

The big news is that we are out to bid on the library renovation. The Library Building Committee has been working on this project for over ten years, so if you see a member, please thank them. The library will move temporarily to the Community Center, just across the street and we expect to break ground in the Spring.

While the surge continues, the library doors will remain closed to the public. Our curbside service is excellent. You can call or email asking for specific titles or general requests and the library staff will find what you need. We also have online programs for kids and adults, and these are a great way to stay connected with the community. You can find our newest books on our website or if you follow us on Facebook. We miss you.
