

Dear Reader,
We have broken ground on the library expansion and can see progress every day from our temporary home at the Community Center. The plans are here at the library if you want to see them. Summer reading is important because this is when kids have the time to choose their own books. Kids who come to the library regularly find books they like to read and become readers, so let them have enough time to browse every week. We have online programs, in person activities and take-away crafts so there is always a reason to come to the library.

Summer Reading Wrap Party will happen Thursday August 12. This is our event to celebrate all the great reading we've done together this summer!

We will continue to house the Lebanon Public School books until Labor Day, so feel free to keep checking them out and bringing in your "Ways to Read" trackers and tell our JTL staff about some of your favorite reads of summer 2021.

Scan this QR code to sign up for our email list and receive library news.

Fines are back at JTL. As of July 1, 2021 any items returned late will be subject to fines. Please return or renew according to the date due!
